SINCE 1914

About us

Hoshino Resorts was first established as a Japanese inn/ryokan by Kasuke Hoshino in 1914 in Karuizawa in Nagano Prefecture before it began the opera- tion of other resorts in Japan. Today, it has evolved into a highly influential hotel management company and is run by 4th-generation family member Yoshiharu Hoshino. Providing a unique experience focused on the local charms of each destination and a high level of omotenashi Japanese-style hospitality, the company has expanded rapidly out of Karuizawa since 2001 and now operates more than 80 facilities both in and outside Japan (as of 2026) under six distinct brands: HOSHINOYA, KAI, RISONARE, OMO, BEB, and LUCY.

Message from CEO

The magic of travel.

Yoshiharu Hoshino
CEO, Hoshino Resorts

This year, Hoshino Resorts celebrates the 112th year anniversary of the opening of our first ryokan in Karuizawa, Nagano. The Japanese travel and tourism industry has witnessed major changes and we envision change on a revolutionary scale in the next century.

Although broad predictions about the future are difficult to make in this industry, I boldly predict that travel and tourism will be a leading industry in maintaining world peace in the next century. In this age of globalism, the influence of public opinion is inevitable and leads me to believe that travel influences this public opinion to some extent. Traveling around one's own country gives deeper insight and understanding of one's homeland and visiting overseas provides an opportunity to experience the richness of different cultures.

I believe that "Connecting people around the world" is a special kind of magic that only the travel industry can create, as travel opens doors to discover foreign treasures and cultures. Through travel, we connect with people around the world, bonds are formed and friendships are made. Our belief and commitment in encouraging people to travel all over the globe empowers them to build a more peaceful world. To achieve our mission, Hoshino Resorts will be taking serious steps to realize the magic of travel to build friendships among world communities and are strongly dedicated to all our efforts to realize our dream.
